

# Activity Planner

## Age bracket groups

These sheets can be used to plan the goals associated with an activity according to the age of the children in your care.

Each sheet has a small section to outline the activity itself followed by boxes to add the main goal for each age group. To the side there are tick boxes for each area of learning covered by the activity

Lastly there is a space marked with a ✓ to note positives or what worked well, and a space marked with a ➡ to note any next steps or areas for development.

Each page has a different combination of boxes for different settings:

Page 2: Ages 0–1, 2, 3–4 and Reception

Page 3: Ages 0–1 and 2

Page 4: Ages 0–1, 2, 3–4

Page 5: Ages 3–4 and Reception
