Doctor

I'm a doctor.

If someone is sick, I will do my best to find out what is causing it and offer medicine to make them feel better.

If someone is injured, I will choose the right treatment for them to heal quickly.

I use a stethoscope to listen closely to someone's heartbeat and breathing.

Doctor

If someone is ill, I might choose some medicine to give them.

I sometimes use an otoscope to look into someone's ears.

I use medical gloves when I am helping people.
