

# Dinosaur Sounds – Phase 1 Activity

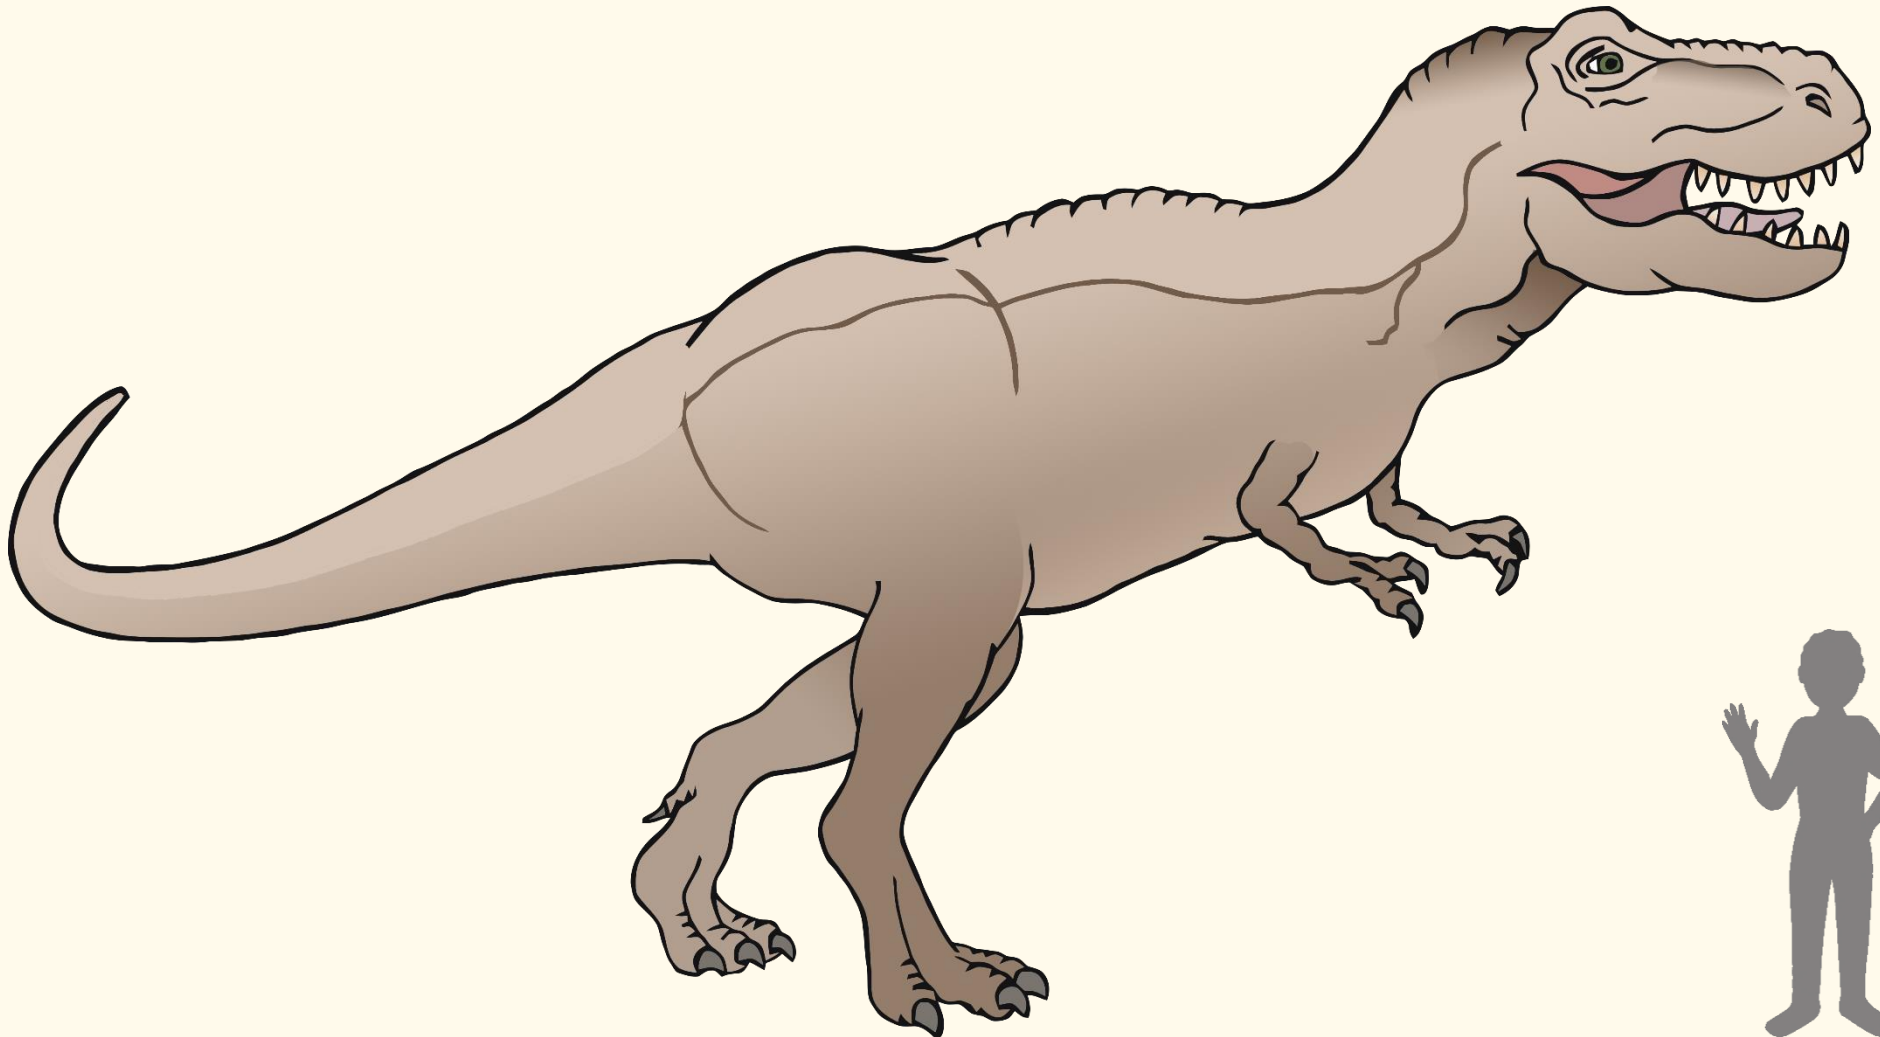

These card prompts are for encouraging the children to think of what sounds these dinosaurs might have made.

- Tell the children that no-one knows for sure what these dinosaurs sounded like, so we need some great ideas.
- When showing these card prompts draw attention to whether the dinosaur is small, large, or gigantic! Will this affect the sound?
- How about whether the dinosaur looks fierce or timid... does this change what they think?

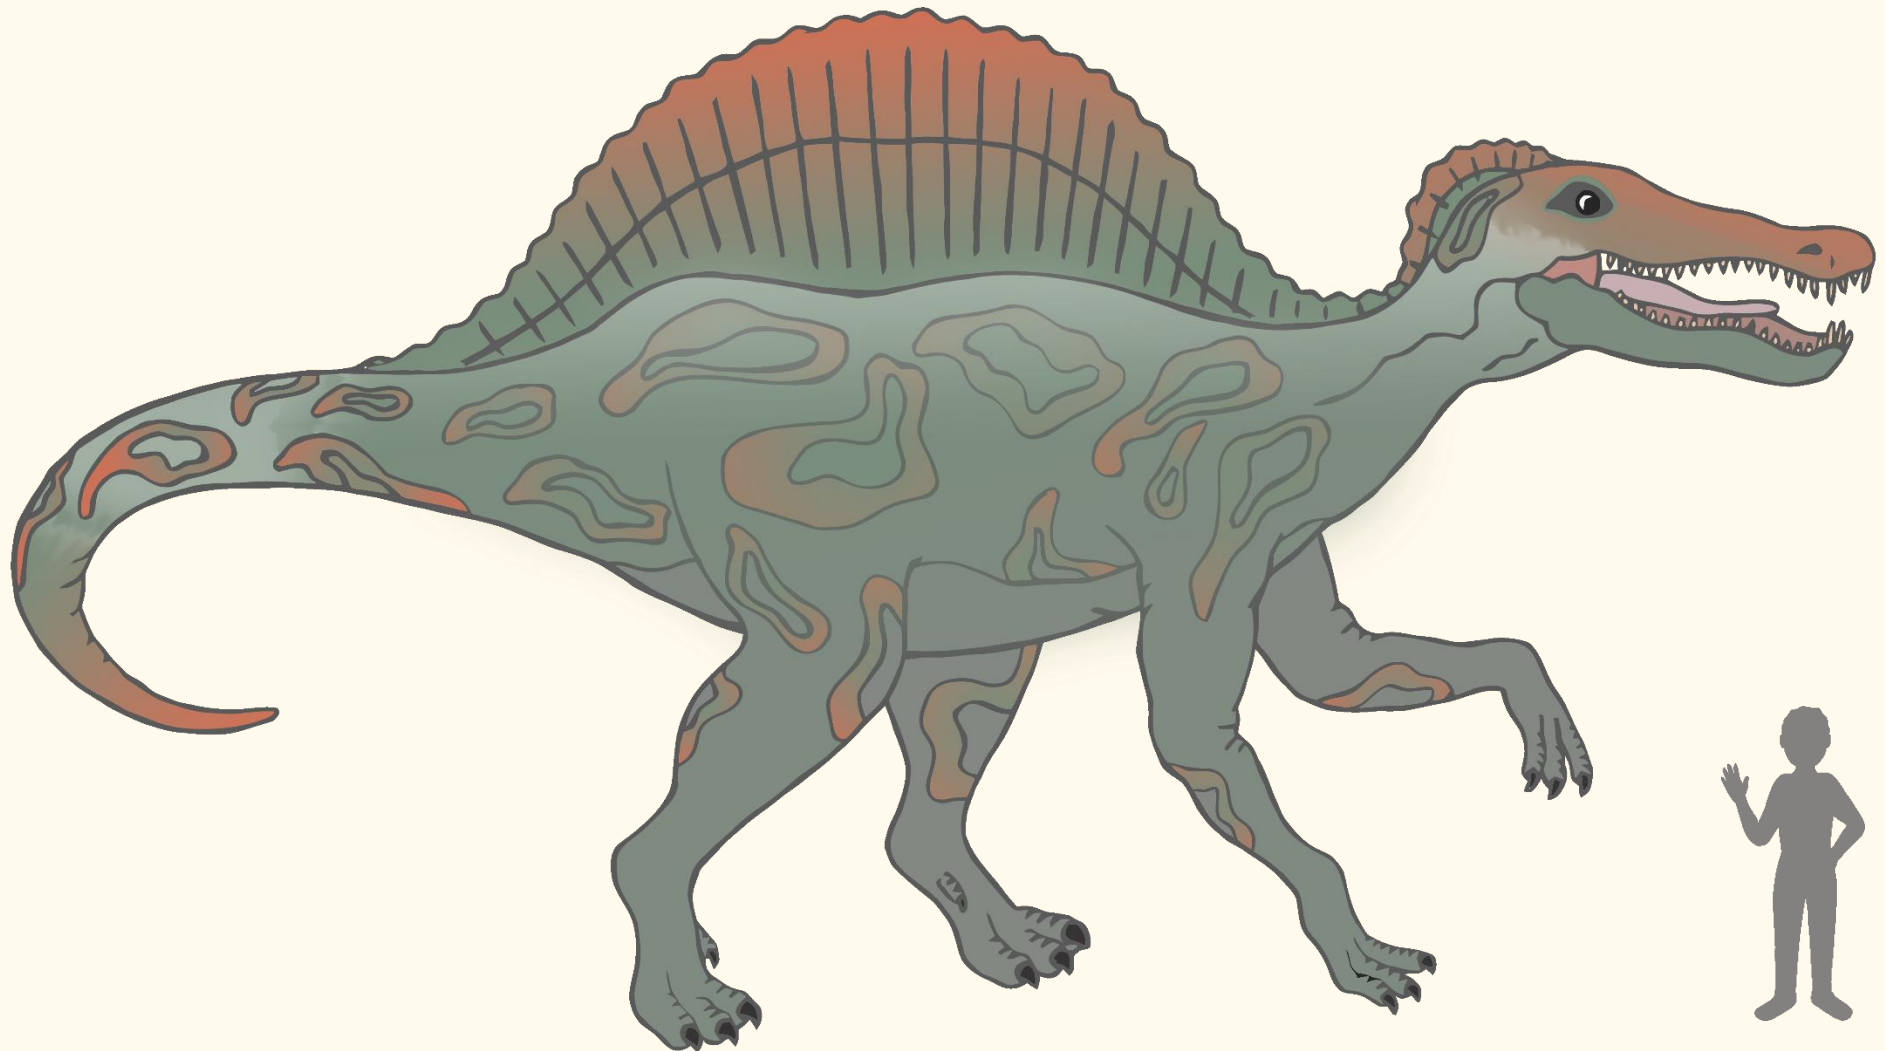

*An additional sound activity could be to think about the sounds the dinosaurs' footsteps would make, paying attention to the size of the dinosaur and how heavy it would have been.*

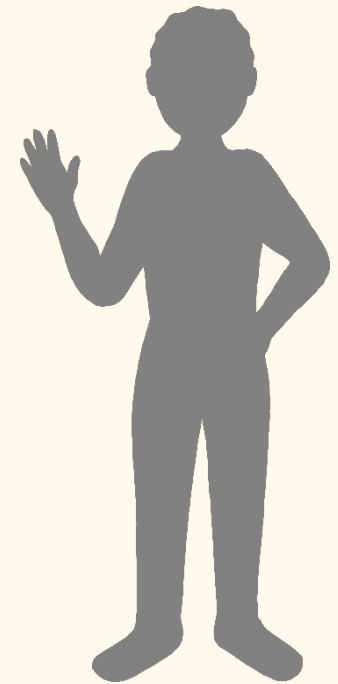

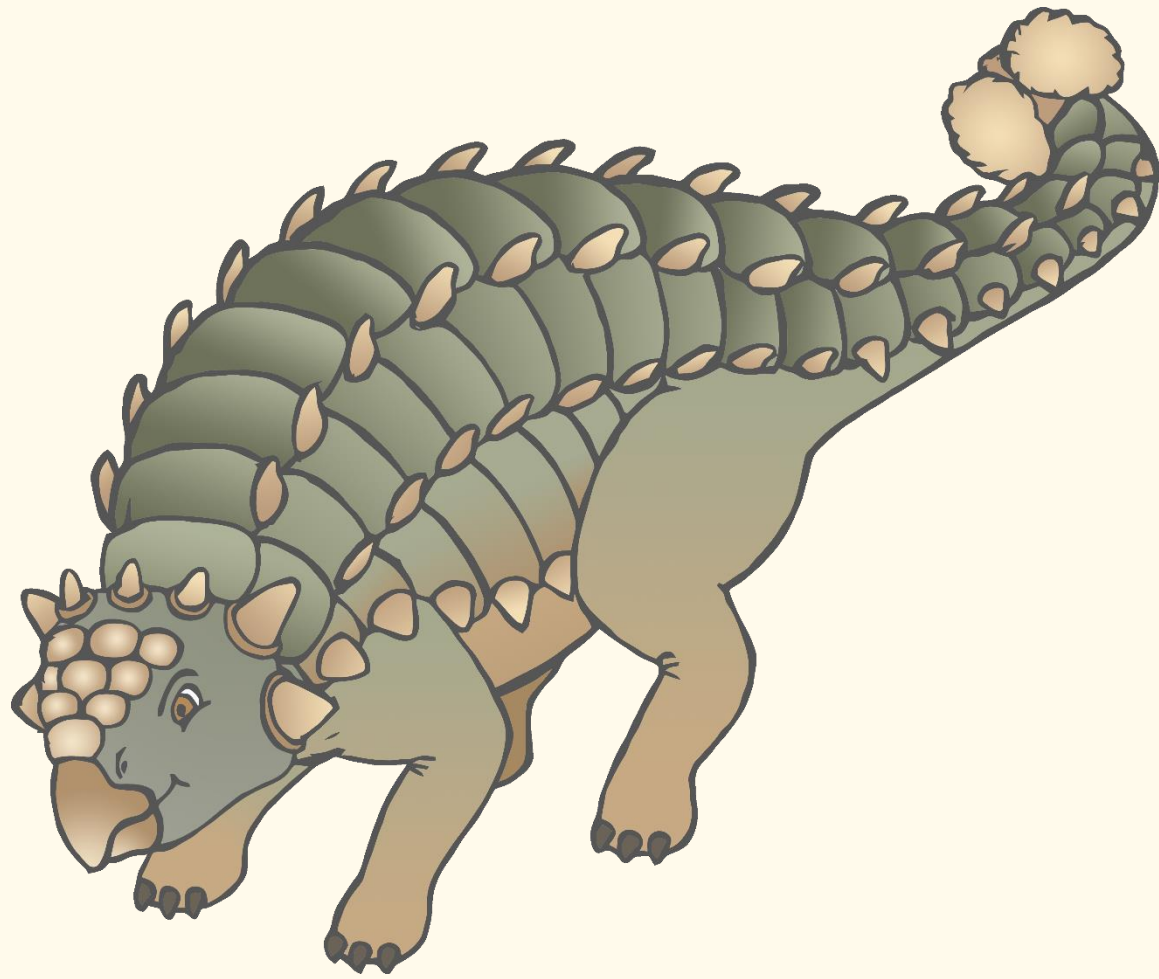

# Tyrannosaurus Rex

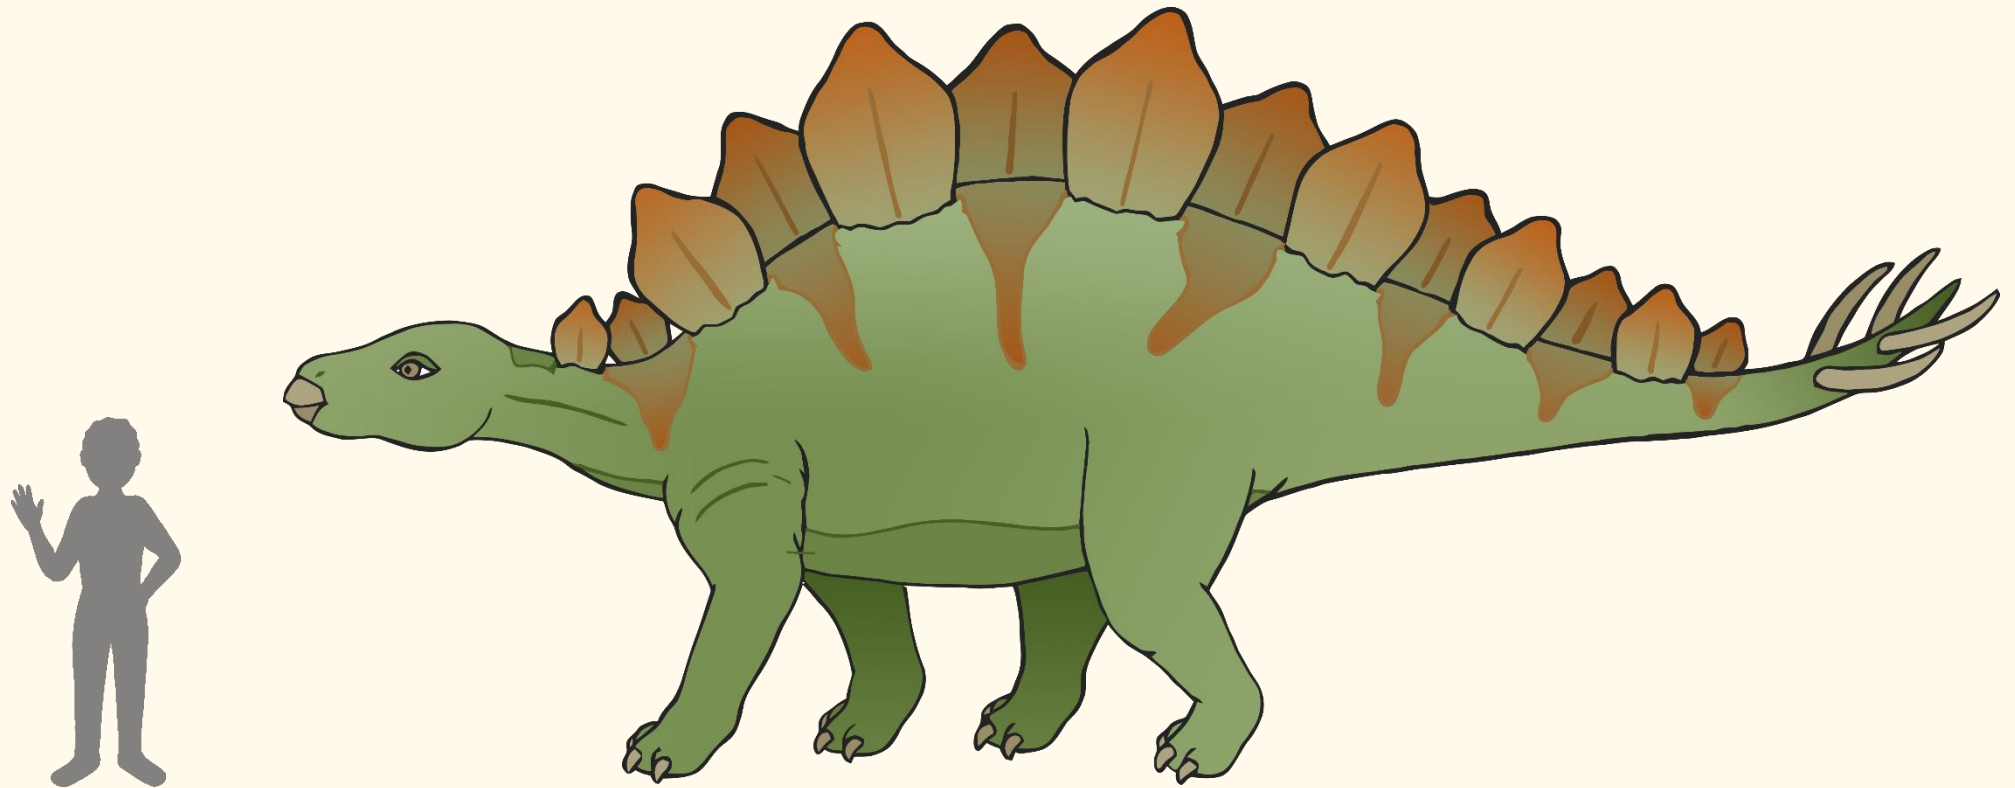

# Spinosaurus

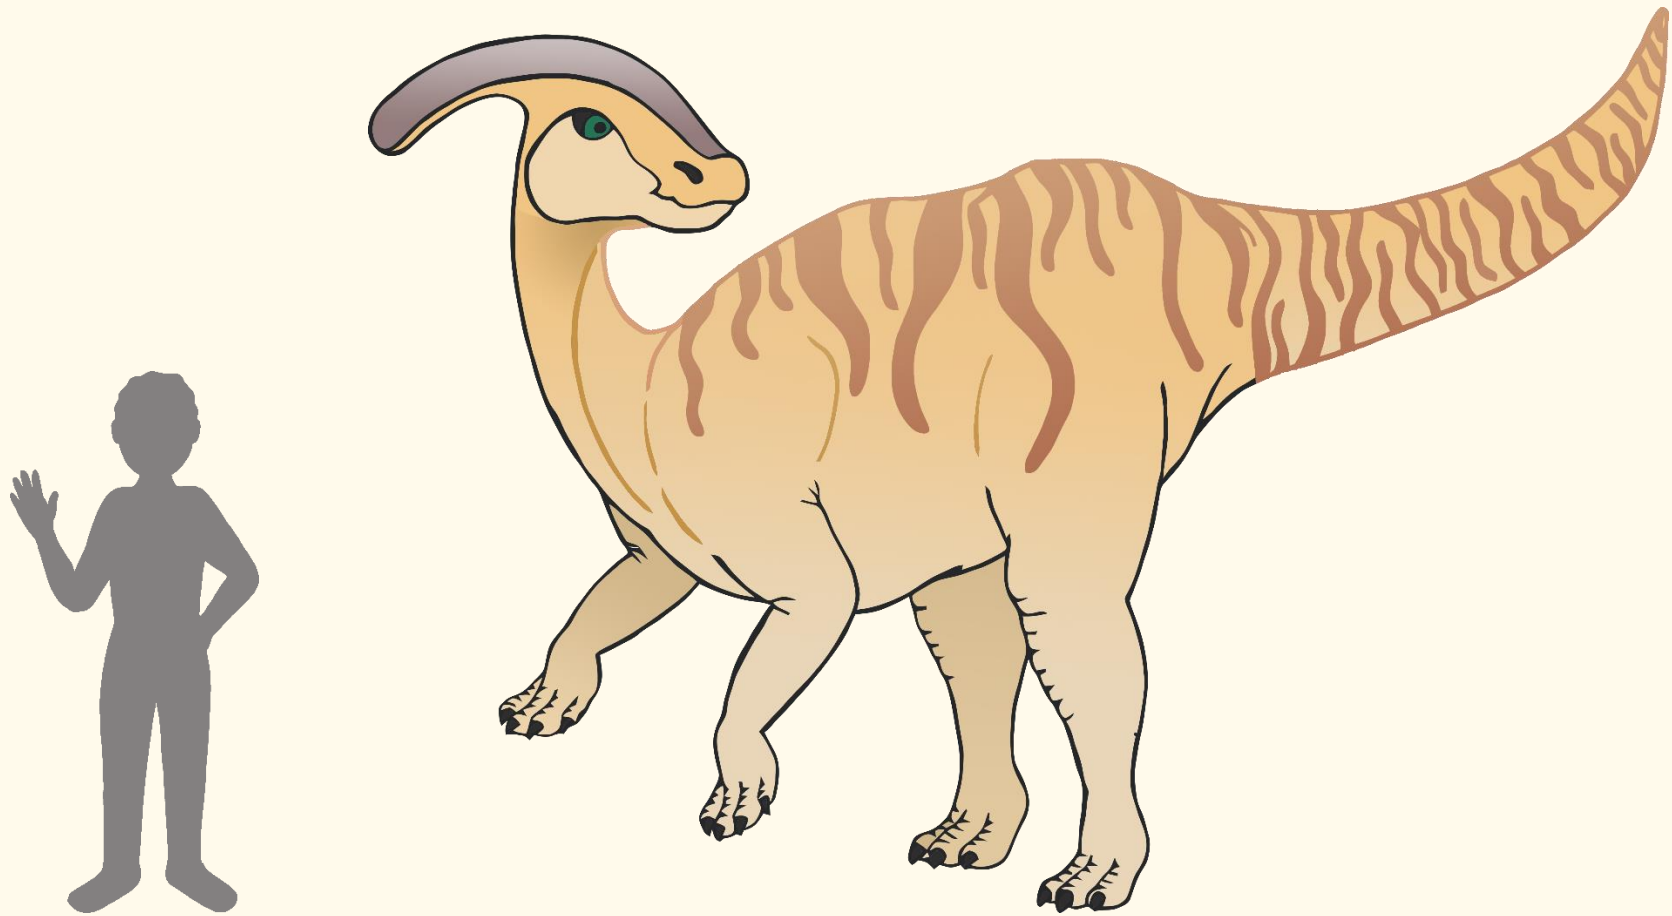

# Ankylosaurus

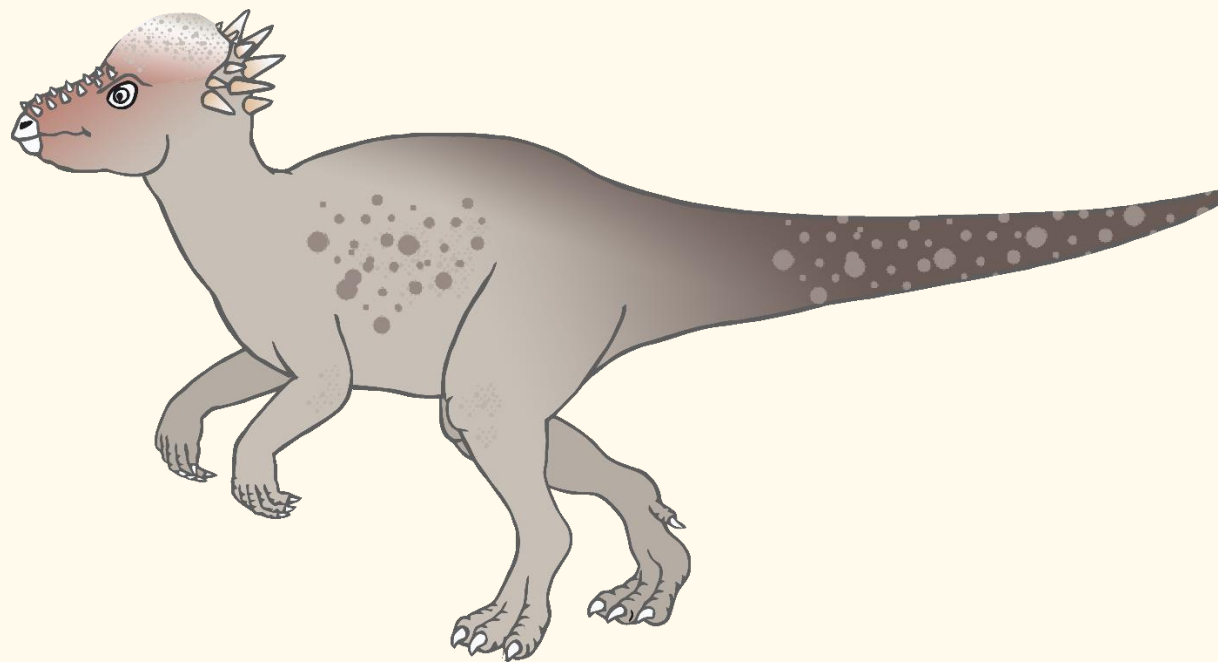

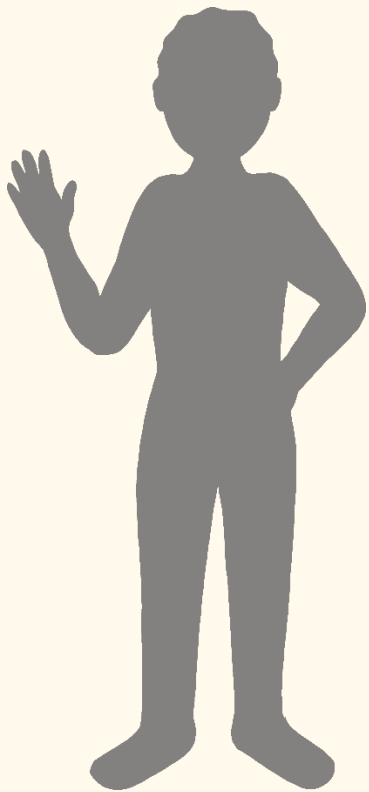

# Stegosaurus

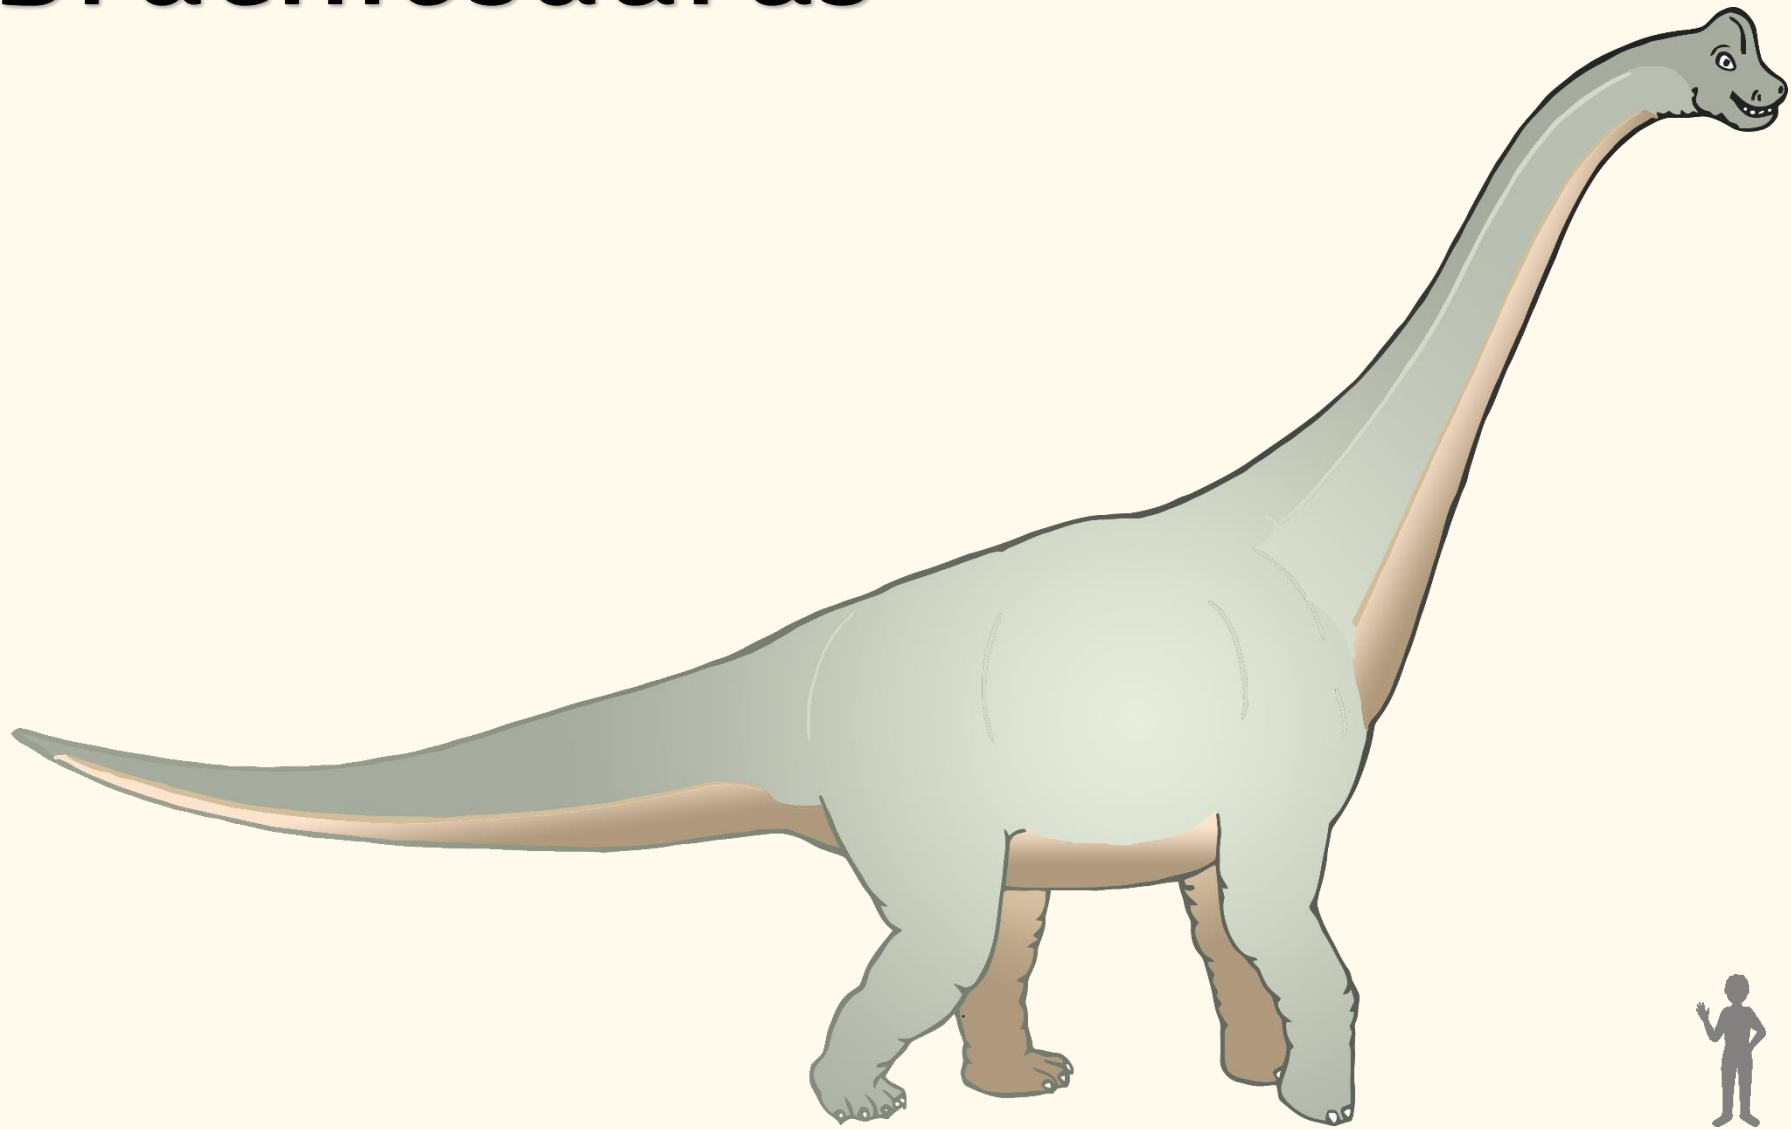

# Parasaurolophus

# Pachycephalosaurus

# Brachiosaurus

# Triceratops
