

# Which is fairer?

These posters are intended to be discussion starters regarding fairness.

Each of the six posters provides an easily understandable comparison between 'same' and 'fair'.

Poster 1: **Which is fairer?** (Number 2) Two children are shown. The child on the left has a happy expression, while the child on the right has a sad expression. Below them are two slices of watermelon. Text: Both children are given a piece of melon, but one child is allergic to melon.

Poster 2: **Which is fairer?** (Number 2) Two children are shown. The child on the left is standing, and the child on the right is sitting in a wheelchair. Below them are two blue scooters. Text: Both children have the same outdoor toys.

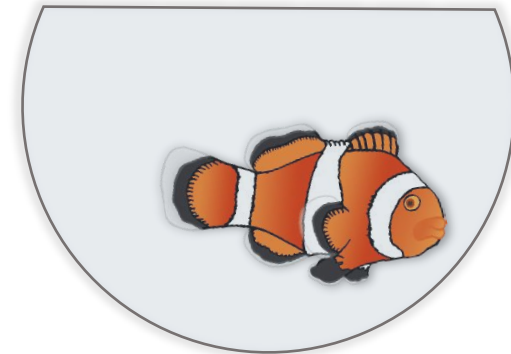

Poster 3: **Which is fairer?** (Number 5) A child in a wheelchair is shown holding a red ball. Below them is a blue scooter. To the right, a child is standing. Text: There are different outdoor toys to choose from.
